TOMARO

PROJECT ASSOCIATE

Tomaro Architecture is seeking highly motivated architectural designers to join our team in our Manhattan Beach location.

Ideal candidates would be responsible for the development and coordination of technical drawings for schematic design, design development, and construction documents while maintaining firm standards in project delivery. The candidate would support the project Architect with, and participate in, internal and external design review processes. Possess knowledge of building codes, standards and requirements. Self-check work for accuracy, omissions, legibility and pro-actively ask questions. Coordinate/collaborate with project consultants and clients..

Required Qualifications:
- 2+ Years of relevant work experience minimum
- Professional degree in Architecture or related field
- Professional working experience with either Revit or AutoCAD
   -Revit experience preferred over AutoCAD
- Excellent oral, written and graphic communication skills
- Highly motivated and able to work both self-directed and in interdisciplinary teams in a fast paced energetic environment

Preferred Qualifications:
- High end residential and/or Commercial experience
- Familiarity with:
   Sketchup
   Enscape
   Bluebeam
   Adobe Creative Suite

Application:
Please send a digital copy of your resume and your portfolio in .pdf or .jpg format via e-mail with the subject line "Project Associate" to tomaro@tomaro.com.

Please visit our website at www.tomaro.com for more information on our firm. Upon receipt, we will review and contact you should your qualifications meet our staffing needs.

No phone calls, please.
